

SUBJECT: Notice of Health Insurance Marketplace

The University of Wisconsin – Green Bay is required to provide all employees with a Notice of the availability of the Health Insurance Marketplace. The Notice also includes required information on health insurance coverage available through your employment at the University of Wisconsin – Green Bay. The Health Insurance Marketplace notice is attached.

Beginning in 2014, the federal Affordable Care Act (ACA) requires most everyone to obtain health insurance for themselves and their dependents or pay a penalty when filing their tax returns. The Marketplace (also known as the Exchange) is a new option for people to obtain health insurance.

If you have State Group Health Insurance through your employment at UW-Green Bay, you do not need to enroll through the Marketplace or take any action, unless you choose to do so. Most UW-Green Bay employees will not be eligible for a premium subsidy for coverage purchased through the Marketplace. You can review the plans available through the Marketplace.

For detailed information about the Health Insurance Marketplace and options available to you, please visit the following websites:

- <https://www.healthcare.gov/>
- UWSA Federal Health Insurance Marketplace webpage at: <http://www.uwsa.edu/ohrwd/benefits/med/marketplace/>

If you are receiving this electronically, you may request a paper copy of the Notice, free of charge, from the Payroll and Benefits Office.

If you need this information in another language, please visit: <https://www.healthcare.gov/language-resource/> or call HealthCare.gov at 1-800-318-2596.

If you have questions about your eligibility for health insurance through your employment, contact the Payroll and Benefits Office at (920) 465-2390 or via email at payrollandbenefits@uwgb.edu.

Notice of the New Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information

Under the Federal Affordable Care Act, there is a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by the University of Wisconsin.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. The next open enrollment for health insurance coverage through the Marketplace begins October 1, of this year, for coverage starting as early as January 1st. Other enrollment opportunities may apply.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer you coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you are eligible for health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and you may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard¹ set by the Affordable Care Act, you may be eligible for a tax credit.

Important Note: *If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, you will lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution - as well as your employee contribution to employer-offered coverage - is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.*

How Can I Get More Information?

For more information about the coverage offered by your employer, please check your [summary plan description](#) or contact your institution's benefits office (contact information available at: <https://www.wisconsin.edu/ohrwd/benefits/contact/>)

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs (Section 36B(c)(2)(C)(ii) of the Internal Revenue Code of 1986).

PART B: Information About Health Coverage Offered by Your Employer

Here is some basic information about health coverage offered by the University of Wisconsin

As your employer, we offer State Group Health Insurance to eligible employees. There are two benefit packages available depending on whether or not you are covered by the Wisconsin Retirement System (WRS). Note – undergraduate student worker employees are not eligible for health insurance through their employment at the University of Wisconsin.

You are [eligible for State Group Health Insurance](#) if you:

1. Have a regular or temporary position covered by the Wisconsin Retirement System (WRS) in a Faculty, Academic Staff, Limited or University Staff appointment.
2. Are eligible for insurance as a Graduate Assistant, Student Assistant or Short-Term Academic Staff but are not covered by the Wisconsin Retirement System
 - Are expected to work at least 33% for one semester (academic year appointment) or 6 months (year round appointment) as a Student Assistant (research assistant, fellow, scholar, trainee, TA/PA) or Employee-in-Training (grad and post grad intern/trainee, postdoc fellow/trainee, intern, research associate).
 - Are expected to work at least 21% for at least six months if you have an annual (12-month) contract; or At least 28% for at least one semester if you have an academic year (9-month) contract in a Short-Term Academic Staff appointment not covered by the Wisconsin Retirement System (WRS).

Health insurance coverage is also available to eligible dependents. Eligible dependents include:

- The employee's spouse or domestic partner.
- Child, legal ward if legal ward before age 19, adopted child and pre-adoption placement, stepchild, child(ren) of a domestic partner until age 26.
- Grandchild until child (who is grandchild's parent) turns age 18.
- An unmarried child age 26 or older who is incapable of self-support due to an illness or injury that is expected to be long-continued or indefinite.
- A child called to active duty prior to age 27 while attending an institute of higher learning on a full-time basis if the child returns to full-time student status.

The coverage provided by State Group Health Insurance meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages. If you are a University Staff Temporary or crafts worker who is required to pay 50-100% of the total monthly premium, coverage may not be affordable based on your wages but may be affordable based on your household income.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed midyear, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Below is the employer information you'll need to enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.

For the lowest-cost plan that meets the minimum value standard offered **only to the employee** by the University of Wisconsin (does not include family plans) the 2017 premium cost to the employee is:

- **Faculty, Academic Staff, Limited and University Staff employees covered by the Wisconsin Retirement System (WRS): \$85.00/month for the Health Plans and \$30.00/month for the High Deductible Health Plan (HDHP)**
- **Student Assistants, Employees-in-Training, and Short-Term Academic Staff (not covered by WRS): \$42.50/month**
- **Crafts workers: total premium of the health plan selected**
- **WRS-covered employees who work less than 50% and University Staff Temporary employees with one appointment: 50% of the total premium of the health plan selected**

Detailed premium information is available at: <https://www.wisconsin.edu/ohrwd/benefits/premiums/>
