Resolution to Include Representatives from Key Stakeholder Groups on Search and Screen Committee for UW System President

Whereas the Search and Screen Committee announced on November 1, 2019, consists of five Regents, one former Regent, two Chancellors, and one Provost, and includes no faculty, Academic Staff or University Staff members, or students other than the non-traditional student Regent;

Whereas the committee was announced just a week after President Cross announced his retirement, and more time could have been taken to consult with stakeholders without unduly delaying the launch of a search;

Whereas this committee represents a radical departure from past practice, as past Search and Screen committees have included multiple faculty, Academic Staff, University Staff, and student members;

Whereas the System President makes decisions that impact all aspects of life on the campuses; and

Whereas faculty, Academic Staff, University Staff, and students are key stakeholders of the university system, and have a perspective on the role of the President that neither the Regents nor administrators have;

Be it therefore resolved that the **Common Council** of the University of Wisconsin – Green Bay strenuously objects to the composition of the Search and Screen Committee for the new UW System President.

Be it further resolved that we call on the Regents to add representatives of faculty, Academic Staff, University Staff, and students to the Search and Screen committee before the committee begins its work.
