The Richard Mauthe Center located at 2418 Leon Bond Drive Green Bay is non-campus property located within the campus geography and the listed emergency procedures do not apply.

Making a Report

Emergencies:

Call 911 in ALL emergencies.

What Is An Emergency?

An emergency is any threat to life and/or property that requires immediate response from police, fire or ambulance. Some examples of emergencies are crimes in progress, any kind of fire or a serious injury or illness. If you are not sure if an incident falls into an emergency classification, feel free to call 911 when an immediate response is needed.

When Reporting an Emergency:

- Stay on the line with the dispatcher.
- Provide the address, location and a description of the emergency.
- Provide the phone number at your location.
- Provide a thorough description of the incident to assure appropriate resources are dispatched.

Reporting Crimes

All members of the campus community are urged to immediately report crimes, suspicious actions, fires, or other emergencies occurring on the campus to University Police. This includes crimes as defined by the [Violence Against Women Act](#) (sexual assault, stalking, domestic violence, dating violence). A sworn law enforcement officer will actively investigate all allegations of criminal acts, UWS violations, and incidents or service related calls that occur on University Lands to ensure safety of persons on University Lands. The investigation must be fair, objective, and specific. Clery reported crimes or policy violations involving students will be documented and forwarded to the appropriate campus stakeholders such as the Dean of Students Office. Crimes involving continued emergency threats or emergency situations can also result in timely or emergency notifications. Verification of the emergency threat or emergency situation will be made by UW-Green Bay Police independently or in conjunction with other emergency services providers who process information required to make the determination of the existence of an emergency.

In response to an emergency the university may draw upon the resources of the Green Bay Police Department, Brown County Sheriff's Department, Green Bay Metro Fire Department, Brown County Emergency Management, Manitowoc Police Department, Marinette Police Department, Sheboygan Police Department, Wisconsin State Patrol, UW-Police Departments and will make a request for law enforcement mutual aid if necessary. The coordination of these additional resources will be made through UW-Green Bay Police.

For an emergency or for a crime in progress students, staff and campus visitors can call 911, elevator emergency telephones or by calling University Police at (920) 465-2300. All other reports may be made by calling University Police at (920) 465-2300, or by reporting in person to UW-Green Bay Police Office, located in the Instructional Services Building, Room 1024.

Reporting Suspicious Activity

One of the most effective ways to assist law enforcement would be to report suspicious activities to University Police. Persons seeing suspicious individuals or activities can call (920) 465-2300 and speak with qualified personnel.

Inform University Police personnel of the incident, time and location. (i.e. a description of person or vehicle.)

- Remain calm
- Speak clearly
- Give as many details as possible

Voluntary Reporting

Victims or witnesses may report a crime or sexual misconduct on a voluntary basis to the Dean of Students Office (920-465-2152), Residence Life (920-465-2040) or online on the [Phoenix Cares](#) website. More contact information is included in the Resources for Help section below. Reports of this nature are filed with University Police for inclusion in the annual security report and the university's crime statistics. There will be no formal University investigation of the incident unless requested, or if the report creates a safety concern for self or others.

Confidential Reporting

Victims or witnesses may report a crime or sexual misconduct on a confidential basis to counselors at the Wellness Center (920-465-2380), or Counseling Services at the Manitowoc, Marinette and Sheboygan campus locations are the only professional counselors on campus as defined under the Clery Act. UW-Green Bay does not have pastoral counselors on any campus location for Clery purposes. More contact information is included in the Resources for Help section below. Reports of this nature are filed with University Police for inclusion in the annual security report and the university's crime statistics. There will be no formal University Police investigation of the incident unless requested, or if the report creates a safety concern for self or others. Counselors at the Wellness Center and on the additional campus locations, informed by persons being counseled of a crime, are encouraged to inform the client that crimes can be reported to them or to the Dean of Students Office on a voluntary basis for inclusion in the university's crime statistics.

Emergency Response

University Police or University Communication will immediately notify the campus community upon the confirmation of significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus by one or more of the following: public address system, GB Alert emergency text messaging system, university computer network pop up message system, e-mail, emergency website at www.emergency.uwgb.edu, and/or the University's main website at www.uwgb.edu.

The university will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Immediately upon report of a significant emergency, University Police or local authorities will be dispatched to assess and respond to the situation and shall make an initial determination if a significant emergency exists. If a significant emergency exists, University Police in consultation with one or more of the following offices: Marketing and University Communications, Chief Business Officer and Senior Vice Chancellor for Institutional Strategy, Chancellor's Office and the Vice Chancellor for Inclusivity and Student Affairs, will immediately determine the content and send out an initial emergency notification as indicated by the nature of the emergency. Policy and Protocols are available in Appendix "A."

Emergency information is disseminated to the larger community by University Marketing and Communication to news media outlets, email distribution groups, University websites and by University Police through the joint Brown County countywide Public Safety Communication Center.

Emergency Communication

Timely and accurate communication during an emergency is important. Depending upon the nature of the emergency, the University community will be alerted through the use of one or more of the following:

- Campus public address system
- Campus e-mail
- Computer network pop-up messages for those logged on to a UW-Green Bay networked computer
- University's website (www.uwgb.edu)
- Phone
- Other means available
- When appropriate, the local media will also be notified. Periodic updates will be provided through the same means.

If the University releases an emergency warning or notification we ask you pass this information on to friends and family if it is safe to do so. It is our desire to use as many sources as possible to keep the community informed and you play a vital role in this communication process.

 - Close doors and lock; if not possible, consider barricading the door.
 - Turn off lights and remain quiet.
 - Move out of sight, seek cover under or behind objects, e.g. desk, table, etc.

Behavior Concerns

If you are Concerned:

- A community member (student, faculty, staff or visitor) is in crisis or
- Contemplating harming themselves or others, *or*
- About actions you believe may be bias motivated

We Encourage You to Report Such Incidents to:

Office	Phone	Incidents to Report
Dean of Students Office	(920) 465-2152	For student behaviors
Human Resources	(920) 465-2390	For employee behaviors
University Police	(920) 465-2300 or 911	If you suspect possible immediate harm

Examples of Behaviors to Report Include:

- Causing self-injury or threatening suicide
- Erratic and/or threatening behavior towards others
- Bias motivated incidents, which may include but not be limited to the use of degrading language or slurs, spoken or written.

If you are unsure as to whether or not the behavior warrants reporting, we ask that you still call.

The Dean of Students Office, Residence Life, Counseling, Human Resources and University Police work together as a team to provide assistance or early intervention and to address threatening behavior to help prevent incidents. Equally important is to help those in difficult times, and in crisis. Additional information is located on the [Dean of Students](#), [Human Resources](#) and [UW-Green Bay Police](#) Department websites.

Faculty and Staff — Student Confrontation

A confrontation with a student can occur inside or outside the classroom, in person or electronically.

- If the situation is critical, someone is threatening to injure themselves or others, immediately call 911.
- If the situation has you concerned, but is not critical and you would like to discuss the incident and possible follow-up, consult with your unit chair, the appropriate academic dean's office or the Dean of Students office.
- If the confrontation constitutes a student disruption, which needs to be addressed, or possible violence or threat, the Dean of Students office is available to discuss options and next steps.

Bomb Threats

If you receive a bomb threat by telephone, here are some helpful things to keep in mind:

1. **Remain calm.** When bomb threat is received, the person taking the call must remain calm and obtain as much information as possible.
 - a. **DO NOT HANG UP, even if caller is no longer on the line.**
 - b. **If possible, have someone call 911, while you are on the phone.**
 - c. **DO NOT put the caller on hold.**
 - d. **DO NOT attempt to transfer the call.**
2. Pay close attention to the caller and his/her words and speech:
 - a. Does the caller have any distinguishing voice characteristics such as an accent, stuttering, mispronunciation?
 - b. Is the caller angry, excited, irrational or agitated?
 - c. Is the caller a man or woman, young, middle-aged, old?
 - d. If you have caller ID, please note the phone number of the caller.
3. Listen for background noises (traffic, train whistle, music, radio, TV, children, etc.).
4. It is important that you document all that you know and hear. This should include filling out the **Bomb Threat Checklist**. *Bomb threat checklist available in Appendix "B".*
5. If caller hangs up, **DO NOT** hang up your phone. Use another phone line to immediately notify Police at 911, the designated emergency response number.

Active Shooter/Active Killer

Chances are, you'll never face an active shooter situation. But if you do, you need to be prepared.

An active shooter is an individual(s) actively engaged in killing or attempting to kill people in a confined space or other highly populated area. In most cases, active shooters use firearms and display no pattern or method for selection of their victims. An active shooter's objective is that of mass murder.

Active shooter situations are dynamic and evolve rapidly, demanding immediate response by the community and immediate deployment of law enforcement resources to stop the shooting and prevent further harm to the community.

What you do matters, and we encourage you to remember these three key steps: RUN, HIDE, and FIGHT.

RUN

If there is an accessible escape path, attempt to immediately evacuate the premises.

1. Pay attention to your surroundings.
2. Have an exit plan.
3. Move away from the threat as quickly as possible.
4. The more distance and barriers between you and the threat, the better.

HIDE

If evacuation is not possible, find a secure place to hide where the shooter is less likely to find you.

1. Keep distance between you and the threat.
2. Create barriers to prevent or slow down the threat from getting to you.
3. Turn off the lights.
4. Remain out of sight and quiet by hiding behind large objects and silencing your phone.

FIGHT

As a last resort — and only when your life is in imminent danger — attempt to disrupt and/or incapacitate the active shooter.

1. Be aggressive, yell, and commit to your actions—your survival depends on it.
2. Throw items and use improvised weapons.
3. Do not fight fairly — this is about survival.

What to Expect from Responding Police Officers

Police officers responding to an active shooter are trained to proceed immediately to the area in which shots were last heard in order to stop the shooting as quickly as possible. The first responding officers may be in teams; they may be dressed in normal patrol uniforms, or they may be wearing external ballistic vests and Kevlar helmets or other tactical gear. The officers may be armed with rifles, shotguns or handguns. Expect to see different uniforms and/or plainclothes officers, as units might be deployed from different departments.

Do exactly as the officers instruct. The first responding officers will be focused on stopping the active shooter and creating a safe environment for medical assistance to be brought in to aid the injured.

The objectives of responding police officers are:

- Immediately engage or contain the active shooter(s) in order to stop the life-threatening behavior.
- First, make sure the environment safe, and then help injured people.
- Identify victims to facilitate medical care, interviews and counseling.

Officers will take command of the situation by shouting orders and/or physically directing individuals to a safe place or the ground.

Medical Emergencies

Remember!

- **DO NOT** approach persons injured by electrocution or toxic exposure unless they are clearly away from the hazard.
- **DO NOT** move a seriously injured person unless he or she is in an unsafe area. If the victim must be moved, move as a unit, always supporting the head and neck.
- **DO NOT** bend or twist the injured person's body.

Call 911

Be Prepared to Give the 911 Dispatcher the Following Information:

- Location of the emergency.
- What happened?
- Number of persons injured.
- Is the injured person conscious?
- Is the injured person breathing?
- Is there severe bleeding?
- After calling 911, stay with the victim until help arrives.
- Restore or maintain breathing and heartbeat.
- Stop severe bleeding with direct pressure when possible.
- Keep victim warm.

Minor Injuries or Illnesses

- Green Bay Campus Students go to The Wellness Center (1400 Students Services).
- Manitowoc, Marinette and Sheboygan Campus Students contact personal medical care provider
- Employees and others contact personal medical care provider.

Remember Universal Precautions - Protect yourself from blood and bodily fluids.

Auto Accidents

- If you have an accident involving damage or injuries, notify the police immediately.
- Give location, number of vehicles and names of the parties involved.
- Exchange names, addresses, phone numbers, insurance information and license plate numbers.

Hazardous Materials Spill or Release

If you create or discover a chemical spill or release **and**

- Type or quantity of chemical spilled poses an immediate risk to health, or
- Someone is injured or ill, or
- There is a fire or explosion

This is an Emergency and You Should:

- Close off area to prevent further contamination and restrict access to the area.
- Activate the fire alarm. Evacuate the building or area. Move upwind.

- From a safe location, call 911 and provide:
 - Your name.
 - Name of material spilled, if known.
 - Estimated amount spilled.
 - Exact location of spill.
 - Report of injuries.
 - Actions you have taken.

Can I clean up the spill?

Yes IF:

- There are no injuries.
- No life or fire hazard.
- Not highly reactive or toxic.
- You have proper training and equipment.

Fuel Spills

Report immediately to the Director of Facilities Management, (920) 465-2394.

Hazardous Odors or Leaks

Report any hazardous gas leaks by calling 911.

In the Event of Gas Leaks or Visible Fire from Gas Cylinders or Piping:

- Evacuate the area, call 911, and follow all instructions given to you by the 911 dispatcher.
- If it is an explosive gas (e.g. natural gas), **DO NOT** use or activate items that can generate a spark in the general vicinity. Light switches, fire alarm pull stations, phones, elevator cars, etc., are all sources that can initiate a spark, which could ignite explosive gas.
- Confine any fire or fumes to the extent possible (close off any doors to the affected area, if you can do so safely as you evacuate). This will help limit the impact of the leak or fire.
- Notify others in the immediate area, if you can do so safely.

Evacuation:

- If necessary to evacuate the building, use nearest available exit.

- DO NOT activate the fire alarm.
- **Do not use an elevator.**
- Confine any fire or gases to the extent possible by closing doors behind you as you leave.
- Upon exiting the building, get a safe distance from the building (at least 500 feet away).
- Move upwind of the leak.
- Leave adequate room for police and other emergency responders.
- **Do not** enter the building until given approval by fire, police or University Police.
- If you have information about the source of the odor or leak, give the information to police or fire personnel at the scene.

Utility Failures

Report any utility failure, leaks or flooding to Facilities Management, (920) 465-2394; after business hours call (920) 465-2523.

Electrical Failure:

- Electricians will assess the situation and determine the appropriate course of action.
- In the event of a significant power failure, the building's emergency generator (if so equipped) will provide limited electricity to crucial areas of the building, including emergency lighting.
- Turn off all electrical equipment including computers. Do not turn any electrical equipment back on until given the approval of your supervisor.
- Most buildings are equipped with emergency lighting to allow for evacuation and not designed for normal operations.
- Remember: Elevators will not function in a power failure.
- If trapped in an elevator, use the elevator's emergency phone to notify University Police.

Steam Leaks:

- If the steam leak is inside the building, evacuate the area and close the door behind you. Steam can cause severe burns, displace oxygen, and moisture from steam can conduct electricity.
- A steam leak may cause the building's fire alarm to sound. Even if you have determined the problem is a steam leak, exit the building immediately.

Water Leaks / Flooding:

- In the event of water leaks, try to contain the leakage in a container to minimize damage or safety hazards. If it is a significant water leak, avoid the area where water has accumulated, and wait for help.
- Immediately cease use of all electrical equipment because water is an excellent conductor of electricity making electric shock a strong possibility.

- If the leak is from an unknown source, avoid contact with leaking material.
- It may be hazardous. In case of accidental contact, wash immediately and thoroughly with soap and water.

Weather Emergencies

Severe Thunderstorms

Watch: Conditions are right for a severe thunderstorm. Continue with normal activities, but continue to monitor the situation.

Warning: Severe thunderstorms are occurring. Be prepared to move to shelter if threatening weather approaches.

- Remain indoors and away from windows until the severe storm passes. If large hail begins to fall, seek immediate shelter. Report any injuries by **calling 911** or damage by **calling (920) 465-2300 ext. 2**.

Tornado

Watch: Conditions are right for a tornado to develop. Continue with normal activities, but continue to monitor the situation.

Warning: Radar or weather spotters have identified a tornado. The emergency sirens will sound a steady tone for three minutes or longer if there is danger in the immediate area.

Take the following actions:

- **SEEK IMMEDIATE SHELTER** when the warning siren sounds, preferably in a basement or below-ground location.
- In a multi-story building, seek shelter in an interior hall, room or lower floor.
- Stay away from outside walls, exterior doors, and glass windows or partitions. **DO NOT** open windows.
- Basements and interior hallways or rooms on lower floors offer good shelter.
- In vehicles, get out and seek shelter in a nearby well-built structure. If you cannot find a well-built structure nearby, seek out a ditch or ravine, which can offer some protection. Lay face down, with hands covering your head.
- After the all-clear signal, leave badly damaged buildings if it is safe to do so. Elevators may not work in damaged buildings (the electrical power may be out or there may be damage to the elevator equipment).

- If you are surrounded by debris, be aware that removing some of it can cause other debris or part of the building to collapse. If it is not safe or possible to leave the area, stay there until assisted out.
- DO NOT attempt to return to the building unless directed to do so by University Police.
- DO NOT attempt to turn on or off any utilities or other equipment.

Emergency Actions

Shelter in Place

If instructed to *Shelter in Place* (**Tornado, Severe Weather, Building Intruder, etc.**)

- Do not exit building.
- If you are in a classroom when the “shelter in place” directive is given, remain in the classroom.
- If you are in a hallway or office area when the “shelter in place” directive is given, move to an interior, windowless room if possible.
- Close all doors and windows.
- Seek shelter in a room with no windows, in the interior of the building if possible. Note the room number.
Call 911, if it is a building intruder.
 - Answer all the dispatcher’s questions and they will relay your location to first responders.

Building Evacuation

Evacuate a Building When:

- An alarm sounds.
- If notified by emergency personnel, or by other means inclusive of emergency notification.

In Case of Building Evacuation:

- DO NOT USE ELEVATORS during an evacuation. Emergency personnel may use an elevator for evacuation after review of the circumstances.
- Walk quickly to the nearest marked exit and ask others to do the same.
- Once outside, move clear of the building allowing others to exit. Keep streets and walkways clear for emergency vehicles and crews.
- DO NOT return to an evacuated building until advised by emergency personnel.
- Be aware of people with disabilities who may require assistance in an emergency evacuation.
- EXIT the building immediately using the most direct route.
- If unable to do so on your own – Ask for assistance to the nearest EXIT or

- Ask someone leaving the building to notify emergency personnel of your location so that you can get the assistance you need.
- If a phone is available, call (920) 465-2300 ext. 2, or 911.
- Answer all the dispatcher's questions and they will relay your location to first responders.
- In a fire, as soon as practical move into the stairwell and await fire personnel to assist you.
- In all other cases, if in imminent danger and no one can assist you - evacuate by any means possible.

Persons with Disabilities:

- Individuals who need assistance during an evacuation should identify and discuss with someone, in advance, who might assist them in leaving the building and/or who will inform emergency personnel of their presence and where they are located so that further assistance can be provided.
- It is suggested that people with disabilities prepare for emergencies by learning the locations of exit corridors and enclosed stairwells and by informing co-workers, faculty, and/or classmates of the best way to assist during an emergency.
- For more information about Persons with Disabilities and Planning for Emergency Situations, contact Disability Services at (920) 465-2841, or stop by their office located in Student Services Room 1700 on Green Bay Campus.

If You Have a Disability and Are Unable to Evacuate:

- Stay calm and take steps to protect yourself. If there is a working telephone, call (920) 465-2300 and tell the dispatcher where you are or where you will be going.
- Move to an enclosed stairwell.
- Request persons exiting by stairwell to notify University Police or Emergency Personnel of your location.
- As soon as practical, move onto the stairway and wait for University Police or Emergency Personnel.

Missing Student Notification

If any member of the University community has reason to believe that a student who resides in on-campus housing is missing; immediately notify the Dean of Students office (920) 465-2152 Student Services Building, Room 2000, Residence Life Staff (920) 465-2040 Housing Community Center or University Police (920) 465-2300 Instructional Services Building Room 1024. They will initiate an investigation. Official missing person reports will be referred immediately to UW-Green Bay Police.

If after investigating, it is determined that the student is missing and has been missing for more than 24 hours, the Dean of Students Office will notify the student's confidential contact, and if the student is under 18 years of age, and not an emancipated individual, immediately contact the custodial parent or legal guardian of such student no later than 24 hours after the student was determined missing. University Police will notify the appropriate law enforcement agencies no later than 24 hours after the time the student is determined missing (if the law enforcement agency did not make the determination that the student is missing).

In addition to registering an emergency contact, students have the option to register a confidential contact person to be notified in the case that the student is determined to be missing for more than 24 hours. Students who move into residence housing during any part of the year can register an emergency contact and/or confidential contact. Students may register one or more confidential contact(s) annually by logging into their SIS account and following these steps: Click on the **Self Service Link** in the **Menu** box. Select **Campus Personal Information** in the **Menu** box. A list of 8 options will appear, click on **Emergency Contacts** in the middle of the screen and follow the instructions. Student contact information is: registered and confidential, accessible only to authorized campus officials and may not be disclosed except to law enforcement in furtherance of a missing person investigation.

Crime Statistics

All crimes are classified using the FBI Uniformed Crime Reporting Handbook, the National Incident Based Reporting System Handbook and The Handbook for Campus Safety and Security Reporting. Wisconsin law is used to define drug, liquor and weapons law violations, as well as incidents of domestic violence. University Police requests crime statistics from outside law enforcement agencies that may have jurisdiction over UW-Green Bay's non-campus property. University Police and the Dean of Students Office collaborate in compiling the crime, arrest and referral statistics to ensure statistics are not missed or double counted. A "Second Eye" review to ensure accuracy of the report is completed by the Clery Compliance Officer and UW-Green Bay Police Sergeant prior to the report's submission. A copy of this report is disseminated to faculty, staff, and students in an e-mail sent in early October of each fall semester.

Sexual Assault, Sexual Harassment, Domestic Violence, Dating Violence, Sexual Exploitation, & Stalking

Violence Against Women Act (“VAWA”) Crimes

UW-Green Bay is committed to maintaining a safe and secure work and academic environment for our students, staff and faculty, free of any form of sexual misconduct, including domestic violence, dating violence, sexual assault, stalking and sexual harassment, and enforces all policies and laws to prohibit these actions. Violations can constitute grounds for disciplinary action, up to and including dismissal from the University.

The Clery Act and the Violence Against Women Act mandate universities and colleges provide domestic violence, dating violence, sexual assault and stalking definitions applicable in its jurisdiction. Wisconsin statutes recognize that sexual assault, domestic violence, dating violence, and stalking are serious criminal offenses. It is important for all members of the campus community to understand how these offenses are defined in law and to be aware of the penalties. Excerpted below are the definitions and penalties of sexual assault, domestic/dating violence and stalking. Also included are the definitions of consent, sexual contact, and sexual intercourse. Wisconsin statutes delineate guidelines for the use of evidence in court. Wisconsin Statutes section 972.11 prohibits the use in court of evidence of the victim's past sexual conduct. There are three exceptions to this prohibition. The judge may allow evidence of the victim's past conduct with the assailant; evidence that could show the source or origin of semen, pregnancy or disease; or evidence of prior untruthful allegations of sexual assault made by the victim. Recent revisions in the law have allowed for further exceptions to be made at the judge's discretion. For more information on Wisconsin state law visit: <http://legis.wisconsin.gov/rsb/stats.html>.

Preventative Education and Training for Students

Awareness and prevention measures are key elements in reducing the risk of sexual assault, domestic violence, dating violence and/or stalking. UW-Green Bay's efforts to promote awareness and prevention of these issues includes programs and literature distributions during student and employee orientation, programs provided by the Healthy Choices Task Force, and personal safety programs taught by University Police Officers. These activities address how to reduce the risk of becoming a victim, report suspicious activity or a crime, emergency and non-emergency reporting, services available on campus, bystander intervention and personal safety. The Healthy Choices Task Force is comprised of students, faculty and staff, working together to address issues of relationship violence, and contributing factors such as substance abuse and mental health.

Healthy Choices Task Force Activities

Healthy Choices programs and educational materials are open to the entire campus, including all students and employees.

What's It All About

During orientation, High Impact Training virtually presented What's It All About, an interactive educational program regarding diversity, substance use and sexual assault. Roughly 350 new students attended this training. In addition, students were given Title IX information such as a definition, the Title IX campus coordinator contact information and the campus sexual assault coordinator contact information. A packet of orientation materials, which included a brochure on consent, resources and how to report a sexual assault, was also provided online to new students.

Virtual Bystander Series

On September 10, 2021, the Health Educator for Sexual Violence prevention shared a virtual bystander intervention series virtually for students. The series consisted of learning the basics of interpersonal violence and bystander intervention, understanding the barriers to intervening and how to intervene. Twenty students viewed the series.

Take Back the Night

On October 6, 2021, the Healthy Choices Task Force hosted Take Back the Night on the Green Bay campus, with transportation for students from the three location campuses. The night consisted of a resource fair, program featuring a keynote speaker – a former student and survivor of sexual violence – and a march through campus. The event was attended by roughly 75 students.

Love U Weeks

During the month of February, Healthy Choices Task Force hosted Love U Weeks at each campus. Events during these weeks included Escalation Workshops, as well as healthy communication and relationship activities and crafts.

Bringing in the Bystander

Beginning February 12, 2022, students, staff and faculty were trained to be facilitators in Bringing in the Bystander. Bringing in the Bystander is a research-based bystander intervention program that focuses on teaching students how to be prosocial bystanders to prevent interpersonal violence. Additional facilitators were trained throughout the semester so that students will begin to be trained in Fall 2022.

What Were You Wearing Exhibit

Starting on April 1, 2022, the Healthy Choices Task Force hosted the What Were You Wearing Exhibit. The exhibit was open on all four campuses. Students could walk through the exhibit and read stories from sexual assault survivors, as well as see displays of clothing based off those stories. The purpose of this exhibit was to dispel common rape myths such as the myth that what a victim is wearing is related to their risk of sexual assault. It also builds awareness and empathy for survivors. Resources were also offered at all four campuses to raise awareness of on campus and off campus resources for survivors.

Think About It online training by Everfi

All students at UW- Green Bay were required to complete the Think About It Training starting in fall 2016. Additionally, since fall 2017, all new freshman and transfer students were subsequently invited each semester. In Fall 2020 the program switched to Everfi's Foundry Program.

Preventative Education and Training for Employees

New Employee Onboarding:

[OnBoarding at UW-Green Bay Link](#)

Onboarding is a continuum of activities that occur during the first six months of a new staff member's employment. These activities may include job-specific orientation, personal benefits orientation, Human Resources orientation, formal mentor programs, and assistance from peers, all with the goal of helping employees acclimate to a new professional environment. All new employee online training must be completed within the first 30 days of employment.

Harassment Prevention Online Training:

[Human Resources Learning Development Link](#)

This program provides learning opportunities for understanding, preventing, and responding to harassment and discrimination and takes approximately one to two hours to complete. Successful completion of this training is required and must be recorded online.

Keeping Children Safe, Executive Order 54 Online Training:

[Human Resources Learning Development Link](#)

This training helps the employee understand their obligations for reporting suspected child abuse and neglect. New employees are required to achieve 100% on the quiz to complete the training, but may take the quiz more than once. The results of the test are recorded.

Campus Security Authority Training:

All new employees who are designated as "Campus Security Authority" must complete the Campus Security Authority (CSA) online training. The results of this training are recorded.

Reporting Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, Sexual Exploitation, or Stalking

Reports of sexual assault, domestic violence, dating violence, stalking and/or any form of relationship violence or harassment received by University Police are investigated in cooperation with the local police, when applicable. Several avenues are available to report sexual assault, domestic violence, dating violence and/or stalking. A victim or witness can file a private, but not anonymous report with the Dean of Students Office, University Police, the Wellness Center, Residence Life Staff, and/or a Campus Security Authority (CSA) all of whom will assist the victim in notifying law enforcement if the victim so chooses. Anonymous and confidential reports can be made to the Wellness Center.

For more information see Resources of Help at the end of this document. This does not obligate the victim to press charges. Reports can be made [online](#). The Dean of Students Office will comply with a student's request for assistance in contacting support agencies on or off campus, notifying proper law enforcement authorities including University Police and/or local police, and discussing the various options available to the victim. The victim has the right to decline reporting the incidents to authorities. The Dean of Students Office and University Police will provide assistance with facilitating and enforcing orders of protection, no contact orders, restraining orders, or similar lawful orders issued by criminal, civil or tribal courts or the institution. Victims will be provided written notification about options for support and assistance at time of contact. Any employee who witnesses or receives a report of a sexual assault, domestic violence, dating violence and/or stalking is required to report the incident to the Dean of Students Office, or University Police. The Dean of Students Office and University Police compile reports for disseminating statistical information to the campus and public as required by state and federal law.

Get Medical Care

As soon as possible, the victim of a sexual assault, domestic violence or dating violence should get medical care. The victim will benefit from being examined for physical injury and disease, and from a discussion of options. In order to preserve physical evidence of the crime, do not bathe, shower, douche, use the bathroom, drink anything or change clothes before the medical exam. Evidence of this type would be vital if the victim decides to pursue criminal charges, proving that the alleged offense did occur or may be helpful in obtaining a protection order.

Disciplinary Action for Sexual Harassment, Sexual Assault, Sexual Exploitation, Domestic Violence, Dating Violence, & Stalking

The UW-Green Bay student conduct system supports a campus community which are welcoming, safe and supportive of academic and personal growth. The student conduct system accomplishes this by providing students a prompt fair and impartial process from the initial investigation to the final result while being aware of campus expectations, addressing complaints and holding students accountable for their actions. Maintaining fairness, objectivity and respect for each individual is also part of this process. Through the student conduct process students will learn critical thinking skills and inclusivity of other viewpoints so individuals can make the personal choices right for themselves and the campus community

APPENDIX “A”

UW-Green Bay Clery

Emergency Notification and Timely Warning Policy

Purpose

To establish the parameters for Timely Warnings and Emergency Notifications for compliance with the “*Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*” as amended in 2008 (commonly referred to as the “*Clery Act*”) for the University of Wisconsin – Green Bay.

Definitions

Emergency Notification An announcement to inform the campus community about a “significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. “Immediate threat” is defined as an imminent or impending threat which could include a significant fire, outbreak of a serious illness, extreme weather conditions, gas leak, armed suspect, terrorist incident, bomb threat, civil unrest, explosion, chemical spill, or other dangerous situation. More information can be found on the UW-Green Bay Police website.

Timely Warning UWGB is required to alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes. This includes crimes where the circumstances indicate that there may be a serious or continuing threat to students or employees. The decision to issue a timely warning must be decided on a case-by-case basis in light of all the facts surrounding a crime, including such factors as:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

Policy

Timely Warnings

UW–Green Bay is committed to insuring Timely Warnings are made in a manner that is timely to members of the community of the occurrence of Clery act crimes: Criminal homicide (murder, non-negligent manslaughter, negligent manslaughter), Sex offenses (rape, fondling, incest and statutory rape), robbery, Aggravated Assault, Burglary, Motor Vehicle theft and Arson or other serious crimes against people that occur on campus or near campus, where is determined that the incident may pose

an on-going threat to the members of the campus community. When time permits, University Police will consult with one or more of the following offices in order to develop Timely Warning notices for the campus community and which segments of the campus are impacted and require notification: Marketing and University Communications, Vice Chancellor of Business and Finance, Chancellors Office and the Vice Chancellor for Inclusivity and Student Affairs. University Police or University Communications will distribute a notification.

Emergency Notification

UW–Green Bay is committed to insuring Emergency Notifications are made in a manner that is timely to members of the community. Upon confirmation of an emergency, dangerous situation, or a crime which poses an immediate and/or continuing threat to the health or safety of students, employees, or others, University Police or University Communications will, without delay, and taking into account the safety of the community, determine the content of the notification, determine who and what segments of the campus community to notify and initiate the notification system for the Emergency Notification message to the campus community, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Follow up information is provided as needed. University Police will send Emergency Notification messages, without consultation, when emergency situations dictate that messages be sent immediately. The previously mentioned offices will assist with follow-up communications to the campus community.

The Vice Chancellor for Inclusivity and Student Affairs or their designee is authorized to activate the Emergency Notification when it is their professional opinion that a health emergency exists. The Vice Chancellor for Inclusivity and Student Affairs after will, without delay, and taking into account the safety of the community, determine the content of the notification, determine who and what segments of the campus community to notify and initiate the notification system for the Emergency Notification message to the campus community, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Follow up information is provided as needed.

Protocols

Appropriate protocols will be developed and followed to ensure Emergency Notifications and Timely Warnings are appropriately issued. The Clery Compliance Officer will receive and properly store information related to the decision-making process and the notification process related to Emergency Notification and Timely Warning determination.

Further Information:

For questions, additional detail, or to request changes to this policy, please contact the Campus Clery Compliance Officer at (920) 465-2110, UW-Green Bay Police Office at (920) 465-2300 ext. 2 or Dean of Student Office at (920) 465-2152.

UW-Green Bay Protocols for Emergency Notification and Timely Warning Under the Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires institutions of higher education to provide notification of certain types of emergencies or crimes to all members of the campus community. Under the law, there are two different categories of notifications; the Emergency Notification and the Timely Warning.

Emergency Notification

The Clery Act requires institutions to **immediately notify** the campus community upon confirmation of a significant emergency, dangerous situation or crime which poses an immediate and/or continuing threat to the health or safety of students, employees or others occurring on the campus. “Immediate threat” is defined as an imminent or impending threat which could include a significant fire, outbreak of a serious illness, extreme weather conditions, gas leak, armed suspect, terrorist incident, bomb threat, civil unrest explosion, chemical spill or other dangerous situation. Taking into account the safety of the community, determine the content of the notification, determine who and what segments of the campus community will be notified.

The UW-Green Bay Chief of Police or his/her designee or University Communications is authorized to activate the Emergency Notification, without delay, when it is his/her professional opinion that a criminal, facility, or weather emergency exists that satisfies the above criteria. Any member of UW-Green Bay Police will send Emergency Notification messages, without consultation, when emergency situations dictate that messages be sent immediately. The Vice Chancellor for Inclusivity and Student Affairs or his/her designee is authorized to activate the Emergency Notification when it is his/her professional opinion that a health emergency exists that satisfies the above criteria. If time permits the following may be consulted prior to the issuance of an emergency message:

- UW-Green Bay Chief of Police or police supervisor in Director’s absence
- Marketing and University Communication Director or his/her designee
- Vice Chancellor for Inclusivity and Student Affairs or his/her designee

- Chancellor or his/her designee
- Vice Chancellor of Business and Finance or his/her designee

Notification, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency, will be provided through one or more of the following: GB Alert, NetNotify, email, website banner, loud speakers and/or campus phone systems as appropriate to the particular situation. Follow up information is provided as needed.

Every effort will be made to notify the Chancellor's Office and the Office of Marketing and Media Relations prior to issuing an Emergency Notification, however some serious and imminent threats may not allow for that.

Timely Warning

The Clery Act requires institutions to alert the campus community to the occurrence of Clery act crimes: Criminal homicide (murder, non-negligent manslaughter, negligent manslaughter), Sex offenses (rape, fondling, incest and statutory rape), robbery, Aggravated Assault, Burglary, Motor Vehicle theft and Arson or other serious crimes against people that occur on campus or near campus, where is determined that the incident may pose an on-going threat to the members of the campus community certain crimes in a manner that is timely and will aid in the prevention of similar crimes. This includes crimes where the circumstances indicate that there may be a serious or continuing threat to students or employees. The decision to issue a timely warning must be decided on a case-by-case basis in light of all the facts surrounding a crime, including such factors as:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

UW-Green Bay Protocol

When time permits a timely warning will be issued when at least two of the following are in agreement that such warning should be issued:

- Chief of Police or police supervisor in Director's absence
- Marketing and University Communication Director or his/her designee

- Vice Chancellor for Inclusivity and Student Affairs or his/her designee
- Chancellor or his/her designee
- Vice Chancellor of Business and Finance or his/her designee

Notification for the campus community and which segments of the campus are impacted that require notification will be done through email, flyers and/or postings as appropriate to the situation. Depending on the circumstances GB Alert, NetNotify, website banner, loud speakers and/or campus phone systems may also be appropriate to the particular situation for the notification.

The Chancellor's Office and the Office of Marketing and Media Relations will be notified prior to issuing a Timely Warning.

Record Keeping

Notification decisions will be documented and forwarded to the Clery Compliance Officer.

Annual Updates

The Chief of University Police Services, Director of Marketing of Media Relations, Vice Chancellor for Inclusivity and Student Affairs and their designees will meet annually to review this protocol, ensure compliance, and evaluate any warnings or notifications that were made.
