MESSAGE FROM OUR SENIOR STUDENT AFFAIRS OFFICER

Greetings!

The 2023-2024 academic year was truly transformational. New leadership was onboarded in several departments, students utilized provided services in pre-pandemic numbers and the Division continued to align with the University's strategic priorities (student success, inclusivity, digital transformation, community connections, sustainability & environment, athletics and The Weidner). Staff made strides to be innovative in the development and implementation of programs, services and activities. Thus, helping ensure student access to the entirety of their educational experience.

The data contained in this report is evidence that staff worked incredibly hard to engage with students at all four campuses and ultimately retain them at UW-Green Bay. I am grateful and honored to serve alongside talented and committed staff. The work they perform on a daily basis ensures that students are equipped with the tools needed to be successful on campus and beyond.
